WATERCOLOR ELECTRONIC CANDLES

LIGHT UP THE NIGHT WITH WATERCOLOR ELECTRONIC CANDLES

Can you imagine a candle that glows softly with warm light, and changes colors as well? We did! Presenting **WATERCOLOR™ ELECTRONIC CANDLES**, the no-mess way to enjoy candlelight! WATERCOLOR candles offer users two distinct modes of operation: choose from either a **TRADITIONAL** glow (one that appears to be standard candlelight), or a **TRANSITIONAL** glow that creates a slowly changing display of soothing colored hues including greens, reds, blues, purples and magentas!

So simple to use, WATERCOLOR candles are a smart, safe alternative to a burning candle, and provide ideal light for any event—indoors or out. With no wires to contend with, place them on the table for those romantic dinners, in the bathroom for an extra special bubble bath, outdoors during backyard parties, in a child's room where a night light is desired—you can use them in so many different ways! Because there is no flame or smoke, they can be placed where traditional candles can't.

WATERCOLOR candles also come with their own custom resting tray. Simply pick up any candle, and it automatically turns itself on. Return the candle to the resting tray, and it will turn itself off.

Whether you're entertaining on the patio, or adding a touch of romance to your bubblebath, WATERCOLOR candles will help light the way!

Candle turns on automatically when

THE PATRIOTIC BLUE STAR™

AN INTERACTIVE SYMBOLIC LIGHT SCULPTURE

"History of the Blue Star"

★ ★ ★

The history of the Service Flag is as patriotic and touching as the symbolism each star represents to the families who display them. The Service Flag (also called the Blue Star Banner) was designed and patented by World War I Army Captain Robert L. Queisser of the 5th Ohio Infantry who had two sons serving on the front line.

The flag quickly became the unofficial symbol of a child in service and the color of the stars is symbolic in that the blue star represents hope and pride. During World War II, virtually every home displayed banners to indicate the number of members of the family serving in the Armed Forces and, in 1960, Congress chartered the Blue Star Mothers of America as a Veterans Service Organization.

Now, in 2003, the House of Representatives has unanimously passed a resolution—with a vote of 418 to 0—encouraging families with loved-ones serving in the U.S. military to proudly display the Blue Star Banner. Congress has asked all Americans to embrace the tradition of the Blue Star Banner. When we see these banners displayed throughout our neighborhoods, we should remember that these families have loved-ones away from home.

Now for the first time, we are proud to offer a modern-day electronic light sculpture that celebrates the tradition of the Blue Star Banner. The Patriotic Blue Star® Light Sculpture is a wonderful gift to give or receive as a reminder of loved-ones who are serving their country.

STAR SHOWERS

Can you imagine a light that captures all of the majesty and wonder of a falling star? We did! Presenting **STAR SHOWERS™**, An Ever Changing Display of Light...Trapped in Time!

Star Showers creates a completely hypnotic, comet-like stream of illumination that glistens and sparkles as electrified glass beads slowly cascade through its center.

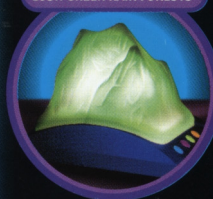

A simple flip of the hand-blown glass chamber begins the flow of thousands of special phosphor coated glass beads that glow brightly as they are charged with electric current. With every turn, Star Showers creates a random display of light that is (quite literally) never the same!

But the magic doesn't stop there. Once the glass beads have fallen, a mix of inert gases create a soft "afterglow" in the center chamber, while the glass beads below continue to pulsate with fiery light! Star Showers features free-pivoting joints which allow the glass chamber to be rotated forward or backward, On/Off Selector Switch, and includes its own AC Power Adapter. Reach for the stars—with Star Showers!

The sound that you hear is actually Lightning Bolts of Light hitting the hand-blown glass chamber, creating the alarm sound that is heard. Your room becomes a show place for the dancing lightning effects that fill the room and help the waking process. Use the Demo Mode and watch & listen to sound of light every 15 minutes (for 10 seconds at a time).

A fully functional time piece, the **Lightning Alarm Clock** features a neo-classic design that will compliment any room, and comes complete with its own AC power adapter. The **Lightning Alarm Clock** demands attention whenever it sounds its alarm and presents its light show.

Use this 4-piece marker set directly on the dry erase surface of the Artist Desk and watch your creations come alive under black light! When you're ready to create a new drawing, just wipe the ink with a dry cloth and begin again!

1

INVISIBLE INK MARKER

This double-ended marker contains a special black light responsive ink that is **ONLY** visible when used with your Glow and Go Black Light Flashlight! Use it to create invisible body art, write secret paper messages to friends, or for private journals only **YOU** can read!

24

COLOR-BY-NUMBER SHEETS

The name says it all! Just follow the numbers on each drawing to create colorful glowing works of art! Each black light marker is labeled with a number, making it easy to know which color goes where. Now **YOU** can be an artist!

Black Light Flashlight is Completely Removable!

Shown here as a hand-held black light flashlight (removed from its stand) for those times you want to be "on the go"!

24

BLANK DRAWING SHEETS

Use this blank paper to create your next masterpiece, or for writing an "invisible" journal only **YOU** can read under the Black Light Flashlight!

HE **REALLY** CLIMBS
WINDOWS!

Just place Vertical Jack onto any window and watch him climb to the top, then back down automatically!

..... VERTICAL JACK WINDOW CLIMBER

Can you imagine looking out your window and seeing a mountaineer traveling up and down the glass like magic? We did! Presenting **VERTICAL JACK™**:

Window Climber! This experienced mountaineer is always ready to climb to the top of any window, slider, mirror, even the outside of the shower door (kids will suddenly love to take showers)! Once Jack reaches the top, he automatically reverses and begins to make his way back to the bottom—where he begins his climb again!

VERTICAL JACK features fully animated arms and legs, 4 powerful suction cups and a dual ON/OFF mechanism on his hat and rope, allowing him to travel continuously on glass or other smooth surfaces (wherever a suction cup will stay)—and completely unassisted! Convenient battery operation allows you or the kids to take Jack for a ride on your car window, too!

THE SPECIAL F/X UNIT

Can you imagine... a storm is approaching.

You hear the sounds of thunder and the crackling of lightning. Winds are howling. Hail is falling. You've seen it in movies, dozens of times. The lamps begin to flicker. The lights seem to respond to the sounds of the thunder and the approaching lightning. Will the room lose its electricity? Will the lights stay on or just keep responding to the terrifying sounds of the Greatest Storm of the Century? An eerie, strange and scary feeling is felt by all in the room...

Now you can create this movie-magic by simply plugging your lights or lamps into The Special F/X Unit!

Using the included Sound F/X CD, you can watch as your lamps respond to the special effects of a creaking haunted house, to the sounds of a beating heart, to the sound of electrical current and so much more!

The Special F/X Unit also works with your own music CD's!

Using your own music CD's, convert your entire room into a wondrous sound-responsive light show. All of this can be done using wireless sound-responsive technology. So simple to use, everything you need is included! AC Powered.

MINI BOOM BOX RADIO
